PROFILE

I am a Melbourne based medical doctor, training to become a full-stack developer. I enjoys creating practical applications which serve others. I have a strong interest in data. In my spare time, I enjoy scraping and processing data, whilst snacking on cheese and coffee.

WORK EXPERIENCE

DOCTOR

WESTERN HEALTH | JAN 2014 - FEB 2017
MEDICAL REGISTRAR

- The role of medical registrar at involved being the first port of call for all inpatients, including high acuity cases
- Within this role, I was able to develop skills in team leadership, communication and working with a multidisciplinary team to ensure the best health outcomes for the patients.

MEDICAL RESIDENT

- Through undertaking specialty rotations, I was able to gain essential knowledge and employ the best evidence based practices within the respective these areas to optimise patient care.
- Resident rotations in the following specialties: Bone marrow transplant (Royal Melbourne Hospital), Oncology (Sunshine Hospital), Neurology (Sunshine Hospital), Cardiology (Footscray Hospital), Rheumatology (Footscray Hospital), Medical Night Cover (Footscray Hospital)
